Vaughan,2012-10-23 *Romeo Juliet* meets *Star Wars* in this genre blending sci fi fantasy space opera about star crossed lovers from enemy worlds. An epic for mature readers *Saga* follows new parents Marko and Alana as they risk everything to raise their child amidst a never ending galactic war. A multiple award winning critically acclaimed masterpiece and one of the most iconic bestselling comic book series of its time. Select praise for *Saga* Vaughan's witty dialogue is laced with universal commonalities the sharp fingernails of babies burping techniques love that ground the alien nature of the characters and heighten the sense that the war between planet and moon and the hatred between enemies is tragically pointless. Staples's character designs are fantastic even the weirdest aliens reveal human emotion and her two page spreads whether of battle or of tree grown rocket ships are glorious. This is a completely addictive human story that will leave readers desperately awaiting the next volume. Publishers Weekly starred review. While the book works as a poignant love story and an indictment of prejudice trippy visuals and clever dialog make this *Romeo and Juliet* space opera a lot of fun as well. Library Journal Vaughan's whip snap dialogue is as smart cutting and well timed as ever and his characters are both familiar enough to acclimate easily to and deep enough to stay interested in as their relationships bend break and mend. While Vaughan will be the star power that attracts readers do it all artist Staples is going to be the one who really wows them. Her character designs

dish out some of the best aliens around the immersive world crafting is lushly detailed and deeply thought through and the spacious layouts keep the focus squarely on the personal element despite the chaotic cosmos they inhabit Add another winner to Vaughan s stable of consistently epic fresh and endearing stories Booklist starred review The kind of comic that you get when truly talented superstar creators are given the freedom to produce their dream comic Saga is Heavy Metal eclecticism synthesized into a singular sprawling narrative a la Cerberus or The Walking Dead a vast sandbox built for neverending castle building Entertainment Weekly An unwieldy profane and glorious ode to compassion and equality a sprawling tale that shuffles the beats of numerous genres including pulp romance road trip Western dark comedy and political thriller And much of Saga focuses less on prejudice and more on smaller scale pains that can be devastating in their own right The Atlantic There are two kinds of people in this world Those who are reading Brian K Vaughan and Fiona Staples amazing adult scifi fantasy Image comic Saga and those who haven t yet The former people are leading happier fuller lives because Saga is amaaaaaazzzing io9 Gizmodo Saga is the space fantasy comic of our times BookRiot The humanity that BKV imbues on his characters is rich and relatable and the danger that surrounds them is fierce and ever present IGN
