Helgason, Sara Kärrholm, Ann Steiner, 2015-01-01 In the world of books and literature hype is associated with bestsellerism the books that sell the most are read by vast numbers and constantly talked about in media and staff rooms Often it is the success in itself that generates an interest because popularity begets popularity Quite often though a hyped bestseller is met with a skeptic criticism of poor language a badly constructed plot a predictable story line or all three The bestseller phenomenon is sometimes conceived as a threat against real literature Research into the creation reception and meaning of bestsellers is utterly scarce and *Hype Bestsellers and Literary Culture* is an important contribution to the understanding of the literature read by the masses Popular literature plays an important role in the lives of millions of readers offering entertainment social commentary and alternate perspectives on everyday life This volume brings together such diverse issues as the creation of hype the role and the meaning of the author in the present day media landscape changes in the book trade and the relationship between bestsellers and research into them Further articles give an historical overview on postapocalyptic stories desert romances and the role of the authors This book offers new knowledge on a subject that is increasingly popular within university curricula Although the anthology is a work of academic research the texts are of equal interest to general readers Wasteland Book 9: A Thousand Lies Antony Johnston, 2014-03-19 The beginning of the end Marcus has long dreamed that everything ends in fire but even he didn't expect this As the city prepares to face his mysterious father a cabal of his closest advisors plots to assassinate Marcus but the Lord Founder has a few secrets of his own and their revelation will bring the city to its knees Surviving Extinction - The Extinction Series Book 6 Mike Kraus, Tara Ellis, 2021-04-25 All roads lead to one end as the forces of good and evil come together in a mind blowing conclusion in book 6 of the Extinction series Tired of the usual post apocalyptic story Welcome to your new addiction An underwater explosion devastates a chain of islands A mysterious illness begins to spring up across the world Earthquakes shatter the west coast causing untold damage and loss of life To the ordinary observer these events appear random and coincidental but for some they're all pieces of a global puzzle that leads to one conclusion the end of humanity In a desperate race against time the survivors must not only survive but learn to adapt to an insidious set of foes each more dangerous than the last From the 1 best selling post apocalyptic author Mike Kraus writing with best seller Tara Ellis comes a terrifying post apocalyptic survival thriller tale that's guaranteed to keep you up at night Point of Extinction is a 6 book post apocalyptic survival thriller series from the authors of Flashpoint Final Dawn Surviving the Fall and Storm's Fury With a deep emphasis on characters and real world science this post apoc tale will keep you reading well into the night *Evolution and Popular Narrative*, 2019-06-07 The contributors to this volume share the assumption that popular narrative when viewed with an evolutionary lens offers an incisive index into human nature In theory narrative art could take a near infinity of possible forms In actual practice however particular motifs plot patterns stereotypical figures and artistic devices persistently resurface indicating specific predilections frequently at odds with our actual living conditions Our studies explore various

media and genres to gauge the impact of our evolutionary inheritance in interdependence with the respective cultural environments on our aesthetic appreciation As they suggest research into mass culture is not only indispensable for evolutionary criticism but may also contribute to our understanding of prehistoric selection pressures that still influence modern preferences in popular narrative Contributions by David Andrews James Carney Mathias Clasen Brett Cooke Tam s David Barrett Tom Dolack Kathryn Duncan Isabel Behncke Izquierdo Joe Keener Alex C Parrish Todd K Platts Anna Rotkirch Judith P Saunders Michelle Scalise Sugiyama Dirk Vanderbeke and Sophia Wege
