Fingerprinting Popular Culture Vinay Lal, Ashis Nandy, 2006 Cinema in India has always been a play of middle class sensibilities and fantasy life And this middle class now seems to have come into its own From the time of Indira Gandhi the political agendas of political parties and leaders have been increasingly shaped by middle class consciousness and popular cinema has become for this class both an ideological phalanx and a major vehicle of self expression The media exposed public in turn has become more accessible through the mythic structures and larger than life figures of popular cinema The medium has become a new more powerful language of public discourse This book like its companion volume *The Secret Politics of our Desires* 1998 is a product of this awareness It uses Indian popular cinema to reexamine the relationships among society politics and culture The six essays in it mostly by contributors from outside the world of film studies and film criticism span topics such as showmanship and stylization of images the human characterization of abstract concepts such as good and evil the open ended episodic and fragmented nature of the narrative cemented together through devices such as family history and filial love and the re emergence of Hindustani as a secular language of film The essays also cover popular cinema's fear of using comedy when dealing with the legitimacy and authority of the state the ideal femininity conjured by Lata Mangeshkar's voice and the debts to Hollywood and the carnivalesque that shape Guru Dutt's comedies *Letters to Allen Ginsberg, 1953-1957* William S. Burroughs, Allen Ginsberg, 1982 Written at a turning point in his life when he was kicking drugs in Tangiers writing *Naked Lunch* and emerging from the literary underworld these letters from Burroughs to his young friend Ginsberg are not only an intimate and diaristic account **MusicHound Soundtracks** Didier C.
