## **The Garrison Doctrine:**

*The Garrison Doctrine* Anthony Jemison, 2005-10-01 This book brings to its reader all the action intrigue adventure and mystery a person could ask for. It is filled with moments of being part of the actual scene. The reader can feel the ocean's roar and the tense moments of urgency in a war zone and time crises. It gives readers a chance to enjoy a period of solving crime at their own pace while figuring out who the true murderer is. The reader gets a chance to be out on the range in the heat of the day and still feel the presence of danger all around them. The reader can find himself caught up in the everyday life of a crime solver in the first two chapters. The reader has a chance to experience the reality of life in the trauma center in the chapter Saviors in Green. Some liken my story to the ever popular E.R. series regularly seen on channels in your areas. The reader is being taken through cities such as L.A. Chicago and countries such as France and Germany. They also have an opportunity to enjoy a dawn breaking in the western story. The reader is being given a right to know. The author has tried to convey all of the feelings he felt while writing this book. The author hopes his readers will understand his words which were meant to lessen and brighten the everyday boredom that can come from the everyday routine of going to and from a job a struggle that the author himself felt on a daily basis for many years until his retirement. I truly hope the readers enjoy this book as much as I enjoyed writing it.
