

The German Americans

Virginia B. Kunz

The German Americans:

The German-Americans and World War II Timothy J. Holian, 1996 *The German Americans and World War II An Ethnic Experience* is a unique study of America's largest ethnic group during one of its most difficult periods. Focusing on Cincinnati, Ohio as a center of German American life, the author utilizes original source material and first hand interviews to present the first detailed account of the German American experience during the years leading up to and through World War II. Topics discussed include the arrest and internment of German legal resident aliens and German Americans as enemy aliens, media portrayals of the German American element during the war era, and an overview of German American efforts to gain formal recognition of their wartime ordeal.

The German-Americans La Vern J. Rippley, 1976 Represents the German American experience in the United States. Provides a German American Chronology section to assist with orientation in historical time. Includes some of the key events in the history of Germany.

The German-American Experience Don Heinrich Tolzmann, 2000 Representing one fourth of the population, German Americans constitute the largest ethnic element according to the U.S. Census, with well over 60 million people claiming German heritage. In twenty six states they comprise at least 20 percent of the population, and in five states they number more than 50 percent. Important statistics in understanding the role played by German Americans in U.S. history. *The German American Experience* provides a comprehensive record of the essential facts in the history of this group from its first U.S. settlements in the seventeenth century to the present. Beginning with The Age of Discovery, this volume explores the earliest contacts between America and Germany, immigration and settlement patterns of Germans, foundations of German American community life, their major involvement in the American Revolution and the role German Americans played in our Civil War. Both world wars are chronicled, including the anti German sentiment and the internment of German Americans during both wars. The revival of German heritage and the renaissance of German American ethnicity since the 1970s is surveyed, along with recent events including the impact of German unification and the 1990 census. The author also analyzes German American influences on agriculture, industry, religion, education, music, art, architecture, politics, military service, journalism, literature, and language. In addition, he comments on prominent German Americans, German names, sister cities, historical statistics, and much more.

The Great Disappearing Act Christina A. Ziegler-McPherson, 2021-12-10 Where did all the Germans go? How does a community of several hundred thousand people become invisible within a generation? This study examines these questions in relation to the German immigrant community in New York City between 1880-1930 and seeks to understand how German American New Yorkers assimilated into the larger American society in the early twentieth century. By the turn of the twentieth century, New York City was one of the largest German speaking cities in the world and was home to the largest German community in the United States. This community was socio economically diverse and increasingly geographically dispersed as upwardly mobile second and third generation German Americans began moving out of the Lower East Side, the location of America's first Kleindeutschland, Little Germany.

uptown to Yorkville and other neighborhoods New York's German American community was already in transition geographically socio economically and culturally when the anti German One Hundred Percent Americanism of World War I erupted in 1917 This book examines the structure of New York City's German community in terms of its maturity geographic dispersal from the Lower East Side to other neighborhoods and its ultimate assimilation to the point of invisibility in the 1920s It argues that when confronted with the anti German feelings of World War I German immigrants and German Americans hid their culture especially their language and their institutions behind closed doors and sought to make themselves invisible while still existing as a German community But becoming invisible did not mean being absorbed into an Anglo American English speaking culture and society Instead German Americans adopted visible behaviors of a new more pluralistic American culture that they themselves had helped to create although by no means dominated Just as the meaning of German changed in this period so did the meaning of American change as well due to nearly 100 years of German immigration

The German Americans Diane Yancey, 2005 Presents a short study of three hundred years of German immigration into America and discusses the ways in which they have influenced American culture and history discrimination against them and more

The Germans in America Virginia B. Kunz, 1966 Discusses the history and contributions of the Germans in America from colonial times to the present noting prominent German Americans throughout American history

The German Americans Peg Ashbrock, 2003 Explains the reasons the German immigrants came to America and the important contribution they made to American society

History of German immigration in the United States : and successful German-Americans and their descendants George von Skal, 1910-01-01

German-American Achievements Don Heinrich Tolzmann, 2001 This is a concise survey of the role that America's largest ethnic group the German Americans has played in American history from the 17th century to the present The term German American in this volume refers to immigrants and their offspring from Germany Austria Switzerland and other German speaking areas of Europe Hence the term German is used in a linguistic cultural and ethnic sense to cover the sum of German speaking immigrants and their descendants This study is divided into six parts Part I Immigration and Settlement traces German American history from the earliest beginnings into the present time while Parts II and III demonstrate the role German Americans have played in Preserving the Union and Building the Nation Part IV gives an overview of the German American experience Part V discusses German American Heritage Month and Part VI is a select bibliography Also includes map that shows percentages of German Americans in each of the United States a census table and a fullname index

The German Americans Anne Galicich, Sandra Stotsky, 1995-11 Discusses the history culture and religion of the Germans factors encouraging their emigration and their acceptance as the United States largest ethnic group

The German Dimension of American History Joseph Wandell, 1979

The German Americans Peg Ashbrock, Barry Moreno, 2009 Examines the strong influence German culture has upon the fabric of American society

Research on the German-American

Experience of World War One Don Heinrich Tolzmann,1995 **The German-American Encounter** Frank Trommler,Elliott Shore,2001 While Germans the largest immigration group in the United States contributed to the shaping of American society and left their mark on many areas from religion and education to food farming political and intellectual life Americans have been instrumental in shaping German democracy after World War II Both sides can claim to be part of each other s history and yet the question arises whether this claim indicates more than a historical interlude in the forming of the Atlantic civilization In this volume some of the leading historians social scientists and literary scholars from both sides of the Atlantic have come together to investigate for the first time in a broad interdisciplinary collaboration the nexus of these interactions in view of current and future challenges to German American relations The Tragedy of German-America John Arkas Hawgood,1940 **The German - American Experience** Don H. Tolzmann,1998-02 The author provides a record of essential historical facts about German Americans from the earliest period of settlement in the seventeenth century to the present day surveying the influences which German Americans have exerted on American history **The German American Family Album** Dorothy Hoobler,Thomas Hoobler,1996 The American Family Album series tells the often heroic stories of American immigrant groups largely through their own words and pictures Like any family album the pages contain period photographs memorabilia selections from diaries letters memoirs and newspapers Each book is a pictorial and written record of the country left behind the journey to America and the group s contributions to the United States 158 illustrations Copyright Libri GmbH All rights reserved **The German Element in the United States with Special Reference to Its Political, Moral, Social, and Educational Influence** Albert Bernhardt Faust,1909 The German-American Heritage Irene M. Franck,1989 Explores the history culture and contributions of German Americans from colonial times to the present **The German-Americans in Politics, 1914-1917. [With Plates.]**. Clifton James Child,1939
