## **The God Hunters:**

*The God Hunters* William Kelley, 1965      *The God Hunters* Mark Reed, 2013-02-04 *The God Hunters Book One* David Ruger has always been curious That's how he landed his charming on again off again boyfriend Wyler and how they started in St Louis and ended up in the Expanse an alien universe where humans take on supernatural abilities and demons munch on Chinese takeout Thirty thousand years earlier the Expanse was devastated by a gruesome war The old gods and a group of shifters known as The God Hunters fought and failed to restore order Little does David know that they've been waiting for the perfect time to try again and they've set their eyes on him as the one with the power to restore the Expanse to its former splendor Strolling along cobblestone streets in a technologically advanced city floating above the clouds is fascinating and David and his companions venture ever deeper where strange beings welcome David as an old friend But what should have been a brief exploration becomes a race against time to save David's life      *The God Hunters*: Mark Reed, 2016-11-19 Now that David has demanded the MST disband hordes of MST affiliates have become rogue agents and are determined to reclaim their hold over the Expanse A fleet of rogue ships have banded together and are preparing to attack the Citadel to eliminate David his friends and all the Bear Paw forces But will they succeed Will the Keeper of the Citadel bow before their might

*The God Hunters: Light and Shadow* Mark Reed, 2014-06-30 *The God Hunters Book Three* The treachery of an ancient and sinister evil is on the rise again The races that live in the universe known as the Expanse have been deceived by the MST their so called guardians and the truth has finally emerged Change is inevitable but not without a fight As Keeper of the Citadel and endowed with supernatural abilities beyond imagination David will shine as a beacon of hope to those in need to those who have succumbed to what is known as the weakening agenda for their so called guardians fear losing control above all else Worlds will perish That much is certain But from loss often comes a greater strength a greater understanding of right and wrong of duty and devotion Aided by his boyfriend Doug and his beloved companions David will stand against both old threats and new His newly acquired powers of spirit calling and shifting will serve as impressive fronts and he will draw strength from his passionate love for Doug The time nears when they will learn if that will be enough if the races of the Expanse will be consumed by the coming shadows or if they will bathe in David's light      *God Hunters* Gordon D.

Lanyon, 1900      ***The God Hunters: Reunion*** Mark Reed, 2013-05-06 *The God Hunters Book Two* Months ago David Ruger was an average human with a flighty boyfriend Now he lives in an alien universe called the Expanse and wields supernatural powers He's also traded in his flighty ex for Doug Colt a man with a heart of gold and nerves of steel which is a good thing because his occupation can get rough When David joins Doug and his brother Bryan on a job to track down a group of vengeful trolls the journey takes them across the Expanse to the Shards of Exeter a magical place made of continent size landmasses shrouded in atmosphere There supernatural beings abound and formidable adversaries lurk in the shadows But the mission is more than it seems Through visions David learns of the role he must play in reshaping the Expanse and of the

unspeakable evil that caused the God Hunters war so long ago With that same threat resurfacing David must embrace his destiny to save the family he has come to love      *The God Hunters: A Gathering of Flowers* Mark Reed,2016-02-19 The God Hunters Book Four A powerful evil still lurks within the Expanse and there is only one way to protect its citizens The Masters of Science and Technology are hell bent on eliminating any advanced civilizations that threaten their authority However the truth behind their aggressive behavior is becoming widespread thanks to David who masquerades as the Being of Light whenever he rushes in to save any worlds on the brink of destruction Because of this a considerable number of MST troops have broken away from their organization and are now acting as rogue agents to uphold their so called good names One of the most dangerous weapons the MST has is Ahzoul a powerful elemental His corrosive spells have destroyed stars and poisoned entire worlds But with the help of a distant galactic remnant David and his companions have finally found a way to defeat Ahzoul David s role as Keeper of the Citadel is synonymous with protecting the innocent and that s exactly what he means to do no matter what the cost      *The God Hunters* Gordon Lanyon,2019-12-24 The God Hunters by Gordon D Lanyon is a high action thriller set in a near future Earth with occasional incursions from a superior race of aliens who inhabit human bodies to hunt for sport It is about to ramp up because a leading member of the ruling Council on the alien HomeWorld has gone rogue and is threatening to destroy Earth Lanyon is a great storyteller and the action is non stop in this sci fi thriller I was engrossed to the end Definitely worth a read Running Chook Book Reviews by Helen Carter Nicholas Benson is a university professor and plain ordinary guy just out for a good time The alien Katel is a Hunter a Tik whose abilities allow her to travel through the multiverse She s hunting an escaped criminal who used to be a leading member of the ruling Council on HomeWorld The trouble is she needs a body and Nick has the only one available It s a weak human body however so she changes it makes it stronger Now Nick has powers He can do things he s always dreamed of doing as a boy The trouble is so can his enemies and none of them appreciate being hunted Nick would like to walk away but he can t The alien sharing his body has powers as well and she s not willing to give up the hunt so easily Whether he likes it or not Nick s a Hunter now with a murdering mastermind to find      *The God Hunters: Reunion* Mark Reed,2013-05 David has traded life on Earth for superpowers and the Expanse Now he and his boyfriend must battle the evil behind the God Hunters war      **The Navajo Hunter Tradition** Karl W. Martin Persson Nilsson,1927 **Getting the Holy Ghost** Peter Marina,2013-01-30 This book carries an ethnographic signature in approach and style and is an examination of a small Brooklyn New York African American Pentecostal church congregation and is based on ethnographic notes taken over the course of four years The Pentecostal Church is known to outsiders almost exclusively for its members bizarre habit of speaking in tongues This ethnography however puts those outsiders inside the church pews as it paints a portrait of piety compassion caring love all embraced through an embodiment perspective as the church s members experience these forces in the most personal ways through religious conversion Central themes include concerns with the notion of spectacle because of the grand bodily display that is highlighted by spiritual struggle social aspiration punishment and spontaneous explosions of a variety of emotions in the public sphere The approach to sociology throughout this work incorporates the striking dialectic of history and biography to penetrate and interact with religiously inspired residents of the inner city in a quest to make sense both empirically and theoretically of this rapidly changing surprising and highly contradictory late modern church scene The focus on the individual process of becoming Pentecostal provides a road map into the church and canvasses an intimate view into the lives of its members capturing their stories as they proceed in their Pentecostal careers This book challenges important sociological concepts like crisis to explain religious seekership and conversion while developing new concepts such as God Hunting and Holy Ghost Capital to explain the process through which individuals become tongue speaking Pentecostals Church members acquire Holy Ghost Capital and construct a Pentecostal identity through a relationship narrative to establish personal status and power through conflicting tongue speaking ideas Finally this book examines the futures of the small and large institutionally affiliated Pentecostal Church and argues that the small Pentecostal Church is better able to resist modern rationalizing forces retaining the charisma that sparked the initial religious movement The power of charisma in the small church has far reaching consequences and implications for the future of Pentecostalism and its followers **The Northern Bantu** John Roscoe,1915
