Sharp,2008-12-23 Was God being ironic in commanding Eve not to eat fruit from the tree of wisdom Carolyn J Sharp suggests that many stories in the Hebrew Scriptures may be ironically intended Deftly interweaving literary theory and exegesis Sharp illumines the power of the unspoken in a wide variety of texts from the Pentateuch the Prophets and the Writings She argues that reading with irony in mind creates a charged and open rhetorical space in the texts that allows character narration and authorial voice to develop in unexpected ways Main themes explored here include the ironizing of foreign rulers the prostitute as icon of the ironic gaze indeterminacy and dramatic irony in prophetic performance and irony in ancient Israel's wisdom traditions Sharp devotes special attention to how irony destabilizes dominant ways in which the Bible is read today especially when it touches on questions of conflict gender and the Other      *Tertullian's Theology of Divine Power* Roy Kearsley,1998 This book traces Tertullian's handling of key doctrines and draws implications for some of today's crucial issues Trinitarian faith the status of creation gender authority and power abuse It takes the agenda of early Christian thought seriously and finds it profoundly relevant today      **Central and Eastern European Bible Commentary** Corneliu Constantineanu,Peter Penner,2024-07-31 Available in the EU from Excelsis at <https://www.xl6.com/articles/9781783688227> central and eastern european bible commentary The Central and Eastern European Bible Commentary is a groundbreaking multi year work and the first full Bible commentary to come out of Central and Eastern Europe The aim of this resource is to provide a contemporary

**Thomas Boston as Preacher of the Fourfold State** Philip Graham Ryken, 1999 Thomas Boston the Presbyterian pastor theologian was the most widely published Scottish author of the eighteenth century This book is a historical practical and theological study of his preaching ministry understood against the background of patristic medieval Reformation and Puritan theology     **War in the Hebrew Bible** Susan Niditch, 1995-06-29 Texts about war pervade the Hebrew Bible raising challenging questions in religious and political ethics The war passages that readers find most disquieting are those in which God demands the total annihilation of the enemy without regard to gender age or military status The ideology of the ban however is only one among a range of attitudes towards war preserved in the ancient Israelite literary tradition Applying insights from anthropology comparative literature and feminist studies Niditch considers a wide spectrum of war ideologies in the Hebrew Bible seeking in each case to discover why and how these views might have made sense to biblical writers who themselves can be seen to wrestle with the ethics of violence The study of war thus also illuminates the social and cultural history of Israel as war texts are found to map the world views of biblical writers from various periods and settings Reviewing ways in which modern scholars have interpreted this controversial material Niditch sheds further light on the normative assumptions that shape our understanding of ancient Israel More widely this work explores how human beings attempt to justify killing and violence while concentrating on the tones textures meanings and messages of a particular corpus in the Hebrew Scriptures     Between Eden and Armageddon : The Future of World Religions, Violence, and Peacemaking  
Diplomacy Marc Gopin James H. Laue Professor and Director of the Center on Religion, and Conflict Resolution George Mason University, 2000-06-26 Recent years have seen a meteoric rise in the power and importance of organized religion in many parts of the world At the same time there has been a significant increase in violence perpetrated in the name of religion While much has been written on the relationship between violence and religious militancy history shows that religious people have also played a critical role in peacemaking within numerous cultures In the new century will religion bring upon further catastrophes Or will it provide human civilization with methods of care healing and the creation of peaceful and just societies In this groundbreaking book Marc Gopin integrates the study of religion with the study of conflict resolution He argues that religion can play a critical role in constructing a global community of shared moral commitments

and vision a community that can limit conflict to its nonviolent constructive variety If we examine religious myths and moral traditions Gopin argues we can understand why and when religious people come to violence and why and when they become staunch peacemakers He shows that it is the conservative expression of most religious traditions that presents the largest challenge in terms of peace and conflict Gopin considers ways to construct traditional paradigms that are committed to peacemaking on a deep level and offers such a paradigm for the case of Judaism Throughout Gopin emphasizes that developing the potential of the world s religions for coping with conflict demands a conscious process on the part of peacemakers and theologians His innovative and carefully argued study also offers a broad set of recommendations for policy planners both inside and outside of government     *A Commentary on the Holy Scriptures: Critical, Doctrinal, and Homiletical* Johann Peter Lange,1876     **Religious Radicalism in England, 1535-1565** Christopher John Clement,1997

**A Commentary on the Holy Scriptures** Johann Peter Lange,Philip Schaff,1876     **A Commentary on the Holy Scriptures: Exodus, Leviticus** Johann Peter Lange,1876     **A Severe Mercy** Mark J. Boda,2009 The biblical theological approach Boda takes in this work is canonical thematic tracing the presentation of the theology of sin and its remedy in the canonical form and shape of the Old Testament The hermeneutical foundations for this enterprise have been laid by others in past decades especially by Brevard Childs in his groundbreaking work But *A Severe Mercy* also reflects recent approaches to integrating biblical understanding with other methodologies in addition to Childs s Thus it enters the imaginative space of the ancient canon of the Old Testament in order to highlight the word views and literary shapes of the texts taken individually and as a whole collection For the literary shape of the individual texts it places the word views of the dominant expressions and images as well as various passages in the larger context of the biblical books in which they are found For the literary shape of the texts as a collection it identifies key subthemes and traces their development through the Old Testament canon The breadth of Boda s study is both challenging and courageous resulting in the first comprehensive examination of the topic in the 21st century     **Thomas Chalmers, Enthusiast for Mission** John Roxborough,1999 John Roxborough is coordinator of lay training at the School of Ministry Knox College Dunedin New Zealand     *Be Not Afraid* Tom Cordaro,2008 Examines the dominant U S narrative about terrorism told after September 11 2001 its historical context and its relation to the War on Terror and outlines a faith based democratic alternative narrative for the United States that is centered on peace rooted in justice Includes recommendations for individuals and communities Provided by publisher
