Padhraic Smyth

The Goddessjustice:

Evil and the Justice of God N. T. Wright, 2012-01-03 This is a fascinating analysis and response to the fundamental questions that face any believer today Sadly becoming daily more topical this book explores all aspects of evil our contemporary and theological understanding and the ways in which evil presents itself in society today Fully grounded in the bible *Evil and the Justice of God* is sparkling erudite provocative and particularly relevant in the wake of new global terror attacks Accounts of cruelty death and terrorism hit us every day We are forced to ask fundamental questions about God and the nature of evil which demand a theological resolution that is mature profound and never glib N T Wright explores these pivotal questions with a fresh and engaging approach combining the virtues of detailed scholarship with an accessible style He neither ducks the awkward nor avoids the unpalatable but instead offers a new often surprising perspective in his search for a meaningful response to the problem of evil The Rt Revd Tom Wright Bishop of Durham is that rare breed of teacher who can reach people of all levels of understanding despite working not at the coalface but largely as an academic theologian Daily Telegraph

Waiting for God, Justice, and Rush-Hour Traffic Dennis Okholm, 2025-06-12 Patience is an indispensable Christian virtue but is often neglected Often it is thought to be passive inactivity but nothing could be farther from the truth Christian patience is creatively active It has been so in the church's mission in God's response to fallen humanity in the cross shaped life of those who are waiting for justice and even in the believer's experience of God's silence Okholm delves into these facets of patience illustrating them with the experiences of those who have practiced the creative activity of patience and concluding with strategies to cultivate the virtue in our lives

From Ancient Myth to Modern Healing Pamela Donleavy, Ann Shearer, 2008-06-30 This book is about the energy personified by the classical Greek goddess Themis who brought her divine and natural right order to gods and humans and who still presides over law courts as the figure of Justice In many Western countries today the growing dis ease in minds and bodies of individuals is often echoed in whole communities Rather than coming together they seem to split apart in anger and distress But themis energy is equally powerful and can work to bring together and to heal From the battle of the Titans and Olympians to the oracle at Delphi and the banquet of the gods the stories of the goddess weave through these chapters to illuminate how themis energy is at work today The authors explore psychological healing in individuals and relate this to new research in neurocardiology on the subtle interactions of body and mind They show how the international movement for restorative justice is drawing on the same healing tools to benefit victims and offenders alike And they evoke the extraordinary story of the South African Truth and Reconciliation Commission which shows the world how themis energy can help transform a ravaged society This book deepens understanding of the psychological urge towards healing and wholeness which is as much a part of human beings as the urge to destroy It offers exciting new insights into Jung's unique approach to the relationship between individual and collective psychology It will appeal to psychologists who work with individuals and groups to lawyers and others concerned

with the failure of current criminal justice systems and to people involved in religious political and other groups that seek to build communities which can encompass and even celebrate diversity rather than rejecting it in fear Justice ,1897
