**Glimpses of Unfamiliar Japan: Second Series** Lafcadio Hearn, 2022-08-15 In **Glimpses of Unfamiliar Japan Second Series** Lafcadio Hearn continues his exploration of Japan s rich cultural tapestry offering a vivid canvas of insights that transcend mere travelogue Written with Hearn s signature lyrical prose this work delves into diverse themes such as the intricate relationship between nature and spirituality the subtleties of Japanese customs and the haunting beauty of its landscapes Through a series of essays Hearn captures the essence of a society in transition navigating the space where ancient traditions coexist with the encroaching wave of modernization thereby inviting readers into a world both foreign and profoundly illuminating Lafcadio Hearn a Greek Irish writer and journalist became a naturalized Japanese citizen immersing himself deeply in the cultural nuances of his adopted homeland His unique perspective as an outsider allowed him to examine and articulate the complexities of Japanese life with empathy and depth Hearn s extensive background in literature folklore and art coupled with personal experiences of alienation informed his narrative style making him not just an observer but a passionate advocate for understanding Japanese culture This book is an essential read for anyone fascinated by cross cultural exchanges and the beauty of the unfamiliar Hearn s eloquence provides not only an enlightening perspective on Japan at the turn of the 20th century but also a timeless meditation on the universal human experience Readers seeking to deepen their appreciation of Japanese culture will find Hearn s insights both compelling and transformative

***Oki's Island*** Kenny Kemp, 2006 When young fisherman Oki is separated from his island the only land he has ever known by a terrible storm he finds himself lost at sea in his tiny outrigger with only his wits to sustain him As he searches for home he discovers islands both strikingly similar and drastically different from his own people and places that challenge everything he believes to be true

**Glimpses of Unfamiliar Japan - Volume II.** Lafcadio Hearn, 2015-07-02 Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly

expensive We are republishing these classic works in affordable high quality modern editions using the original text and artwork

**Glimpses of Unfamiliar Japan** Lafcadio Hearn, 2011-12-20 This is a complete two volume set of one of the greatest books of 19th century Japanese history and culture Though Lafcadio Hearn went on to write a dozen more books on Japan this collection of first impressions remains his most popular Among the reasons is that here more than anywhere else the author most vividly captured a place that so affected him that he stayed for the rest of his life The modern reader can still through these pages experience that first charm of Japan intangible and volatile as a perfume Glimpses of Unfamiliar Japan combines two volumes of a work that first appeared in 1894 In the pages of this book are the customs the superstitions the charming scenery the revelations of Japanese character and all the other elements that Lafcadio Hearn found so bewitching Here for example are essays on such subjects as the Japanese garden the household shrine the festivals and the bewildering Japanese smile all aspects of Japanese life that have endured in spite of the changes that have taken place during the modernization of Japan The Japanese character and the Japanese tradition are still fundamentally the same as Hearn found them to be and for this reason his writing is still extremely revealing to modern readers This edition also contains a new foreword by noted writer and examiner of Japanese culture Donnie Richie that puts Lafcadio Hearn and his classic works into perspective for readers just discovering Hearn s writing for the first time

**Glimpses of an Unfamiliar Japan, Second Series** Lafcadio Hearn, 2014-02-01 In the second volume of Lafcadio Hearn s essays on the culture of nineteenth century Japan readers are given an firsthand look inside a society that was long cloaked by secrecy and a suspicion of outsiders These closely observed anecdotes and vignettes will engage fans of top notch travel writing

**Glimpses of Unfamiliar Japan** Lafcadio Hearn, 1894 As an interpreter of Japan to the West Lafcadio Hearn was without parallel in his time His numerous books about that country were read with a fascination that was a tribute to his keen powers of observation and the vividness of his descriptions Today even though Japan has changed greatly from what it was when he wrote about it his writing is still valid for it captures the essence of the country an essence that has actually changed a good deal less than outward appearances might suggest In a word the Japanese character and the Japanese tradition are still fundamentally the same as Hearn described
