**The Gift...That Keeps on Giving, Alcoholism** Adrian 'Ray' Evans Sr.,2020-11-30 Mr Evans speaks out about alcoholism I chose the title THE GIFT that keeps on giving to illuminate that Once an alcoholic always an alcoholic That does not mean one must die a drunk It simply stresses that alcoholism like diabetes is a lifetime disease And like diabetes with proper care diet and exercise And abstaining from alcohol alcoholism can be controlled From around age 18 to 49 I suffered from the disease of alcoholism A good portion of those years I was not aware of my disease I could not link my troubles loss of family homes and jobs and overall misery to alcohol In the last 8 of those years I and others just wrote me off as a hopeless misfit I was homeless unemployable and a sad example of human existence December first 1983 I had my last drink of alcohol checked myself in at a detox center in Orlando Fl I have not had a drink of alcohol since At first my recovery process was not a pleasant one but it was worth the misery of withdrawing from the demon alcohol I attended Alcoholics Anonymous regularly listened and absorbed other s experience strength and hope I became teachable and returned to a beautiful life After getting re married I became employable and started my own business I taught myself art painting over 500 pieces of oil paintings Attending the gym regularly has not just been healthful it has been a tremendous joy working out meeting people and socializing I am retired now living a beautiful life with my wife of 33 years and 36 years sobriety and at age 86 am fit as a fiddle I do have diabetes high blood pressure and a few other ailments however with diet exercise and following my doctor s advice and not drinking alcohol or smoking I am very active and happy Should I never have admitted I needed help and joined Alcoholics Anonymous I would not have re learned honorable living and not have continued serenity Is why I consider my alcoholism the gift that keeps on giving

**The Female Complaint** Lauren Berlant,2008-03-17 A literary critical and historical chronicle of womens culture in the United States from 1830 to the present by a leading Americanist *Take Your Life Back Day by Day* Stephen Arterburn,David Stoop,2016-10-18 Have you ever had one of those days Let s face it Living in this world can be extremely challenging It s hard enough just to make it through our days and years let alone in a way we re proud of living a life that is pure and good Sometimes it all feels so overwhelming But here s the good news As a child of God you can call upon the Lord and he will help you take your life back from the daily pressures worries habits and conflicts you face In *Take Your Life Back Day by Day* you ll find 365 Scriptures inspiring reflections and thought provoking questions to help you recognize when you ve reached your limits allow God to care for you and comfort you experience God s freedom when you are overburdened and his joy when you are downhearted replace the stress in your life with joy and peace It s time to take your life back and live it for God Keep your eyes fixed on him day by day because with his help you have what it takes to prevail *The Gift of Property* Stephen David Ross,2001-02-01 Explores the human propensity for owning and having

*Minnesota Law Review* ,2008 **The London Discourses of ... D. L. Moody. ... Tenth Thousand** Dwight Lyman MOODY,1875 **The Limits to Scarcity** Lyla Mehta,2013-05-13 Scarcity is considered a ubiquitous feature of the human

condition It underpins much of modern economics and is widely used as an explanation for social organisation social conflict and the resource crunch confronting humanity s survival on the planet It is made out to be an all pervasive fact of our lives be it of housing food water or oil But has the conception of scarcity been politicized naturalized and universalized in academic and policy debates Has overhasty recourse to scarcity evoked a standard set of market institutional and technological solutions which have blocked out political contestations overlooking access as a legitimate focus for academic debates as well as policies and interventions Theoretical and empirical chapters by leading academics and scholar activists grapple with these issues by questioning scarcity s taken for granted nature They examine scarcity debates across three of the most important resources food water and energy and their implications for theory institutional arrangements policy responses and innovation systems The book looks at how scarcity has emerged as a totalizing discourse in both the North and South The scare of scarcity has led to scarcity emerging as a political strategy for powerful groups Aggregate numbers and physical quantities are trusted while local knowledges and experiences of scarcity that identify problems more accurately and specifically are ignored Science and technology are expected to provide solutions but such expectations embody a multitude of unexamined assumptions about the nature of the problem about the technologies and about the institutional arrangements put forward as a fix Through this examination the authors demonstrate that scarcity is not a natural condition the problem lies in how we see scarcity and the ways in which it is socially generated
