**A Reference Guide for English Studies** Michael J. Marcuse, 1990-01-01 This ambitious undertaking is designed to acquaint students, teachers and researchers with reference sources in any branch of English studies which Marcuse defines as all those subjects and lines of critical and scholarly inquiry presently pursued by members of university departments of English language and literature. Within each of 24 major sections, Marcuse lists and annotates bibliographies, guides, reviews of research, encyclopedias, dictionaries, journals and reference histories. The annotations and various indexes are models of clarity and usefulness and cross references are liberally supplied where appropriate. Although cost-conscious librarians will probably consider the several other excellent literary bibliographies in print such as James L. Harner's *Literary Research Guide* (Modern Language Assn of America, 1989), larger academic libraries will want Marcuse's volume. Jack Bales, Mary Washington Coll Lib, Fredericksburg, Va. *Library Journal*.

The main section of the guide has informed accounts of every attraction, from the fascinating troglodyte dwellings carved out of rock faces around Saumur to the compelling gardens at Villandry. The listings tell you where to find the best wines, the tastiest goat's cheese and the most interesting places to stay. There are maps and plans throughout and a full colour introductory section listing the author's favourite things not to miss. In the 'Contexts' section there is detailed background on the region's culture, cuisine, wine festivals and history.
