The War of the Worlds H. G. Wells, 2017-04-27 Large print edition of H. G. Wells' startling tale of mankind's first encounter with an alien race. The War of the Worlds is recognized as the original alien invasion story written by one of the fathers of science fiction in the late 1890s. The story set in rural and urban England is written as two books: Book I dealing with the invasion itself and Book II reliving the narrator's experiences as Mankind lives under its alien conquerors until finally winning freedom. The fame of this exceptional story was enhanced first when radio star Orson Welles stunned listeners in the United States in October of 1938 by broadcasting a dramatic adaptation of The War of the Worlds so authentic that it caused panic throughout the country and resulted in countless calls to federal and state authorities. The War of the Worlds has since been adapted for radio, television, and the silver screen countless times and it is widely recognized as the bestselling science fiction story of all time. This new large print edition is oversized for easy handling and printed in a classic easy-to-read font.

The War of the Worlds - Large Print Edition H. G. Wells, 2013-11 This is the science fiction classic where Martians attack the Earth. Alien invasion novels all owe something to H. G. Wells because this is the grandfather of such tales. A man witnesses the attack of the Martians in Surrey and London as war breaks out between planets. He must get back to his wife and on his journey he sees the Martians lay waste to southern England. How can we possibly fight back against a technologically superior race? This novel has inspired a great many other books, movies, including the notorious radio broadcast by Orson Welles in 1938 that caused widespread panic because listeners thought it was real. It all started with this book and it belongs in every home library. This Large Print Edition is presented in easy-to-read 16 point type.

The War of the Worlds is a science fiction novel by English author H. G. Wells, first serialised in 1897 by Pearson's Magazine in the UK and by Cosmopolitan magazine in the US. The novel's first appearance in hardcover was in 1898 from publisher William Heinemann of London.
