*The Long 1968* Daniel J. Sherman,Ruud van Dijk,Jasmine Alinder,A. Aneesh,2013-07-16 Delving into a tumultuous year s impact on art culture and politics this book illuminates the often overlooked histories of 1968 The Journal of American History From the mid 1960s to the early 1970s revolutions in theory politics and cultural experimentation swept around the world These changes had as great a transformative impact on the right as on the left A touchstone for activists artists and theorists of all stripes the year 1968 has taken on new significance for the present moment which bears certain uncanny resemblances to that time The Long 1968 explores the wide ranging impact of the year and its aftermath in politics theory the arts and international relations and its uses today      **Civil Disobedience and the German Courts** Peter E.

Quint,2007-12-17 In the 1980s the West German Peace Movement fearing that the stationing of NATO nuclear missiles in Germany threatened an imminent nuclear war in Europe engaged in massive protests including sustained civil disobedience in the form of sit down demonstrations Civil Disobedience and the German Courts traces the historical and philosophical background of this movement and follows a group of demonstrators through their trials in the German criminal courts up to the German Constitutional Court in which their fate was determined in two important constitutional cases In this context the volume also analyzes the German Constitutional Court as a crucial institution of government in comparative perspective The book is the first full length English language treatment of these events and constitutional decisions and it also places the

decisions at an important turning point in German constitutional history      **The Other Alliance** Martin Klimke, 2011-09-04 Using previously classified documents and original interviews The Other Alliance examines the channels of cooperation between American and West German student movements throughout the 1960s and early 1970s and the reactions these relationships provoked from the U S government Revising the standard narratives of American and West German social mobilization Martin Klimke demonstrates the strong transnational connections between New Left groups on both sides of the Atlantic Klimke shows that the cold war partnership of the American and German governments was mirrored by a coalition of rebelling counterelites whose common political origins and opposition to the Vietnam War played a vital role in generating dissent in the United States and Europe American protest techniques such as the sit in or teach in became crucial components of the main organization driving student activism in West Germany the German Socialist Student League and motivated American and German student activists to construct networks against global imperialism Klimke traces the impact that Black Power and Germany's unresolved National Socialist past had on the German student movement he investigates how U S government agencies such as the State Department's Interagency Youth Committee advised American policymakers on confrontations with student unrest abroad and he highlights the challenges student protesters posed to cold war alliances Exploring the catalysts of cross pollination between student protest movements on two continents The Other Alliance is a pioneering work of transnational history      *Wir hatten ein barbarisch schönes Leben* Gretchen Dutschke, 2015-10-06 Die große Rudi Dutschke Biographie der Bestseller endlich als KiWi Paperback Gretchen Dutschke berrascht uns als Biographin ihres ermordeten Mannes Dieses Buch ist antiautoritär und liebevoll witzig und tragisch analytisch und spannend Es ist der letzte Text des Aufstands von 1968 Am Ende töteten die Kugeln des Attentäters dann doch Sein Opfer Rudi Dutschke verkörperte die außerparlamentarische Opposition APO der sechziger Jahre und er wurde zu einer herausragenden Persönlichkeit der kologischen Bewegung Rudi Dutschke starb 1979 an den Verletzungen die ihm Josef Bachmann ein aufgeheizter Rechtsextremist 1968 beigebracht hatte Rudi Dutschke war ein origineller Denker Er schuf eine auf die revolutionäre Praxis bezogene Theorie und versuchte danach zu leben Er forderte dass Deutschland sich unter freiheitlichen Vorzeichen wiedervereinigen solle Und er verstand die neuen kologischen Bedrohungen als Anstoß seine Theorie fortzuentwickeln Niemand kannte Rudi Dutschke besser als seine Frau die uns mit diesem Buch als Biographin berrascht Sie präsentiert dabei unzählige bisher unbekannte Quellen Sie schildert ein großes Politabenteuer und die Geschichte einer Liebe die allen Zerreißproben standhielt Gretchen Dutschke hat den letzten Text des Aufstands von 1968 geschrieben      **The Politics of Peace** Petra Goedde, 2019-01-10 During a television broadcast in 1959 US President Dwight D Eisenhower remarked that people in the long run are going to do more to promote peace than our governments Indeed I think that people want peace so much that one of these days our governments had better get out of the way and let them have it At that very moment international peace organizations were bypassing national governments to create alternative institutions for the promotion of world peace

and mounting the first serious challenge to the state centered conduct of international relations This study explores the emerging politics of peace both as an ideal and as a pragmatic aspect of international relations during the early cold war It traces the myriad ways in which a broad spectrum of people involved in and affected by the cold war used altered and fought over a seemingly universal concept These dynamic interactions involved three sets of global actors cold war states peace advocacy groups and anti colonial liberationists These transnational networks challenged and eventually undermined the cold war order They did so not just with reference to the United States the Soviet Union and Western Europe but also by addressing the violence of national liberation movements in the Third World As Petra Goedde shows in this work deterritorializing the cold war reveals the fractures that emerged within each cold war camp as activists both challenged their own governments over the right path toward global peace and challenged each other over the best strategy to achieve it The Politics of Peace demonstrates that the scientists journalists publishers feminists and religious leaders who drove the international discourse on peace after World War II laid the groundwork for the eventual political transformation of the Cold War
