Chris Dubbs, 2017-03-01 When war erupted in Europe in 1914 American journalists hurried across the Atlantic ready to cover it the same way they had covered so many other wars However very little about this war was like any other American Journalists in the Great War tells the dramatic stories of the journalists who covered World War I for the American public

Media Imperialism in India and Pakistan Farooq Sulehria, 2018-01-02 Examining anew the notions of media imperialism and globalization of media this book disrupts the generalised consensus in media scholarship that globalization of media has put an end to media imperialism One elemental aspect of media imperialism is the structural dependency of television systems in the global South on the imperial North Taking India and Pakistan as its case studies this book views globalization of media as the unleashing of processes that have translated into the liberalization of air waves and privatization of television systems whereby commercialization of television is privileged over public interest television Additionally it argues that the globalization of media has contributed to corruption tabloidization and marginalization of subaltern classes in the Indian and Pakistani media American Journalism W. David Sloan, Lisa Mullikin Parcell, 2002-04-24 News consumers made cynical by

sensationalist banners AMERICA STRIKES BACK THE TERROR OF ANTHRAX and lurid leads might be surprised to learn that in 1690 the newspaper Publick Occurrences gossiped about the sexual indiscretions of French royalty or seasoned the story of missing children by adding that barbarous Indians were lurking about before the disappearance. Surprising too might be the media's steady adherence to it if continual tugging at its philosophical and ethical moorings. These 39 essays written and edited by the nation's leading professors of journalism cover the theory and practice of print radio and TV news reporting Politics and partisanship press and the government gender and the press corps presidential coverage war reportage technology and news gathering sensationalism each subject is treated individually.
