American Gardening ,1890 **Inventing the Dream** Kevin Starr,1986-12-04 This second volume of Starr s cultural history of the Golden State focuses on the turn of the century years and the emergence of Southern California as a regional culture in its own right **A Toast to Eclipse** Brian McGinty,2012-09-10 The sparkling wines of California rival the best French Champagnes today but their place at our tables came about through careful craftsmanship that began more than a century ago The predecessor of today s California bubbly was Eclipse Champagne the first commercially successful California sparkling wine produced by Arpad Haraszthy in the mid to late nineteenth century In A Toast to Eclipse Brian McGinty offers a definitive history of the wine exploring California s winemaking past and two of the people who put the state s varietal wines on the map Arpad and his father Agoston Haraszthy the legendary father of California viticulture Inspired by his father s dream of making California one of the world s great viticultural regions Arpad Haraszthy 1840 1900 pursued that goal at a time when the best grapes for making California wine had yet to be discovered

when the best locations for vineyards had not yet been established and when the public could hardly believe that good wine could be made in a country overrun with gold miners and desperados As a young man Arpad spent two years in the Champagne country of northeastern France studying the classic methods of French sparkling wine manufacture before bringing his knowledge home to California As McGinty shows the story of the award winning wine Haraszthy created is also the story of San Francisco during its heyday as the largest most dynamic city in the American West McGinty reveals new information about California varietals and winemaking districts and probes the controversy about whether Agoston Haraszthy introduced the Zinfandel grape to the Golden State Aficionados of wine and of California history will find this narrative insightful and refreshing and all readers will gain an appreciation for Arpad Haraszthy Eclipse and the delicate process of making a wine sparkle

The Wine Pioneers Anton Massel,2008 At first there were the horticulturists and wine growers then came the wine makers the coopers and the cellar masters Inevitably there were wine shippers and wine merchants Chemists and biologists added their skills in the past two centuries and only very recently came the oenologists and the professional wine tasters Wine writers play an important role in today s wine trade and there were always wine connoisseurs and wine snobs From 5000BC to the modern day this book provides a chronological history of the wine pioneers through the ages

Class List ,1910 **Strong Wine** Brian McGinty,1998 Lured by the discovery of gold to cross the plains to California in 1849 Haraszthy became the first sheriff of San Diego a member of the California legislature and the first assayer of the United States Mint in San Francisco Long fascinated with the possibility of growing fine European grapes in America he moved in 1856 to northern California s Sonoma Valley where he built the first stone wineries in California introduced more than 300 varieties of European grapes and planted or helped his neighbors plant more than a thousand acres of choice wine vineyards He made a well publicized wine tour of Europe in 1861 wrote the first notable book on California wine growing and built his Sonoma estate into what was widely advertised as the largest vineyard in the world
