Baghdadis in India managed to maintain their communities by negotiating multiple identities in a stratified and complex society. Several disciplinary perspectives are utilized to explore the super diversity of the Baghdadis and the ways in which they successfully adapted to new situations during the Raj while retaining particular traditions and modifying and incorporating others. Providing a comprehensive overview of this community, the contributions to the book show that the legacy of the Baghdadi Jews lives on for Indians today through landmarks and monuments in Mumbai, Pune and Kolkata and for Jews through memories woven by members of the community residing in diverse diasporas. Offering refreshing historical perspectives on the colonial period in India, this book will be of interest to those studying South Asian Studies, Diaspora and Ethnic Studies, Sociology, History, Jewish Studies and Asian Religion.

**The Armchair Olympian** Phil Ascough, 2012-04-02. Billed as the greatest sporting show on earth, the Olympic Games have produced countless memorable stories of achievement and endurance since entering the modern era in 1896. The major sports take a back seat; some of them long gone from the schedule as sports fans discover new heroes excelling in obscure events that intrigue. The Games deliver triumph and heartbreak, serial winners and one medal wonders, shocks and controversies, and tragedy in the true sense of the word rather than the often diluted sporting interpretation. For just over two weeks every four years, handball and hockey, sailing and shooting, judo and gymnastics become prime time news. And the word *repechage* is common currency. The *Armchair Olympian* uses trivia, teasers, illustrations and quotes to recapture the magic of the story so far.

**The Badminton Magazine of Sports and Pastimes** Alfred Edward Thomas Watson, 1920. *The Poona Agricultural College Magazine*, 1929. **Douglas Airview**, 1941-06. **Farnsworth Employees Victory Record**, 1942. **The New York Times Index**, 1917. **Journal of Physical Education, Recreation & Dance**, 1991. **Southeast Asian Personalities of Chinese Descent** Leo Suryadinata, 2012. This is a bold project recording the lives of a particular group of Southeast Asians. Most of the people whose biographies are included here have settled down in the ten countries that constitute the region. Each of them has either self-identified as Chinese or is comfortable to be known as someone of Chinese ancestry. There are also those who were born in China or elsewhere who came here to work and do business, including seeking help from others who have ethnic Chinese connections. With the political and economic conditions of the region in a great state of flux for the past two centuries, it is impossible to find consistency in the naming process. Confucius had stressed that correct names make for the

best relationships In this case Professor Leo Suryadinata has been pursuing for decades the elusive goal of finding the right name to give to the large numbers of people who have in one way or another made their homes in or made some difference to Southeast Asia I believe that when he and his colleagues selected the biographies to be included here they have taken a big step towards the rectification of identities for many leading personalities In so doing he has done us all a great service
