Winning The Cash Flow War:

Winning the Cash Flow War Fred Rewey, 2005-01-07 A proven path to success for anyone seeking financial freedom in today's challenging world. Discussing everything from effective budgeting to breaking into the lucrative and fulfilling world of self-employment, nationally renowned cash flow expert Fred Rewey addresses the financial problems everyone faces and then offers a practical guide to turning the corner from paying everyone to getting paid instead. People can find themselves so bombarded by bills from credit cards to mortgages to college tuitions that they find it impossible to focus on truly solving their money woes once and for all. *Winning the Cash Flow War* provides readers with tools and knowledge they need to fight back. His unique step-by-step battle plan reveals how anyone can dramatically transform their attitude about finances and shore up their monetary well-being by learning to see money not so much as a goal but as a tool, a tool of self-empowerment that virtually anyone can master. Fred Rewey is one of today's most sought-after speakers on entrepreneurship and financial success. President of the American Cash Flow Association and publisher of the *American Cash Flow Journal*, Rewey is seen by millions each month on television and has helped people at all financial levels take control of their lives and turn their cash flow into a net positive.

The Art Of Small Business Guerrilla War: Start Small, Fight Hard, Win Big, *The Grand Strategy that Won the Cold War* Norman A. Bailey, Francis H. Marlo, Douglas E. Streusand, Paul D. Gelpi, 2016-01-14 This book demonstrates that under the leadership of President Ronald Reagan and through the mechanism of his National Security Council staff, the United States developed and executed a comprehensive grand strategy involving the coordinated use of the diplomatic, informational, military, and economic instruments of national power, and that grand strategy led to the collapse of the Soviet Union. In doing so, it refutes three orthodoxies that Reagan and his administration deserve little credit for the end of the Cold War, with most of credit going to Mikhail Gorbachev: that Reagan's management of the National Security Council staff was singularly inept and that the United States is incapable of generating and implementing a grand strategy that employs all the instruments of national power and coordinates the work of all executive agencies. The Reagan years were hardly a time of interagency concord, but the National Security Council staff managed the successful implementation of its program nonetheless.
