The Mental Way

Karlene Sugarman, M.A.

A practical guide to
team building and
mental training

"I highly recommend this book to those who wish a sound foundation in the mental side of sports. It should appear in the library of every coach and athlete who is devoted to enhancing the mental skills that contribute to effective performance."

— Bruce C. Ogilvie, Ph.D., Pioneer in the area of Sport Psychology, Professor Emeritus, Psychology, San Jose State University

"Karlene's book provides 'good medicine' for players and coaches who are troubled by increasing complexities of the 'game within the game' of modern sports. This book is also a helpful tool for the everyday person who may be plagued with problems of stress and motivation as he or she seeks to win at the game of life. And that game can only be won one way: The mental way."

— Dr. Jamie Williams, 12-year veteran of the NFL

Winning The Mental Way A Practical Guide To Team Building And Mental Training:

Winning the Mental Way Karlene Sugarman,1999 Ever wonder why you play great one day and terrible the next Did your physical ability change Not likely but your mental game was probably different Your mindset and mental preparation can be the difference between winning and losing This book will help arm you and your team so you can reach an optimal level of play and be successful in the competitive world of sports Whether you are a high school player professional coach or top executive Winning the Mental Way provides the tools necessary to help you achieve peak performance on a more consistent basis No matter what your endeavors are the goal is the same peak performance The mind plays such an important role in whether you will be successful or not This practical guide will help you first develop a sound working team and second give you the skills to keep your team on its road to success

Culture, Identity and Intense Performativity Tim Jordan,Brigid McClure,Kath Woodward,2017-01-12 Being in the zone means performing in a distinctive unusual pleasurable and highly competent way at something you already regularly do dancing or playing a viola computer programming tennis and much more What makes the zone special This volume offers groundbreaking research that brings sociological and cultural studies to bear on the idea of being in the zone There is original research on musicians dancers and surfers which shows that being in the zone far from being exclusively individualised and private but must be understood as social and collective and possibly accessible to all The zone is not just for elite performers Being in the zone is not just the province of the athlete who suddenly and seemingly without extra effort swims faster or jumps higher or the musician who suddenly plays more than perfectly but also of the doctor working under intense pressure or the computer programmer staying up all night The meaning of such experiences for convincing people to work in intense conditions often with short term contracts is explored to show how being in the zone can have problematic effects and have negative and constraining as well as creative and productive implications Often being in the zone is understood from a psychological viewpoint but this can limit our understanding This volume provides the first in depth analysis of being in the zone from social and cultural viewpoints drawing on a range of theories and novel evidence Written in a stimulating and accessible style Culture Identity and Intense Performativity Being in the Zone will strongly appeal to students and researchers who aim to understand the experience of work creativity musicianship and sport Issues of the body are also central to being in the zone and will make this book relevant to anyone studying bodies and embodiment This collection will establish being in the zone as an important area of enquiry for social science and the humanities

Servant Leadership in Sport Gregory S. Sullivan,2019-03-18 This book applies the principles of well being theory and positive psychology to sport to establish a basis of servant leadership in sport organizations Though the win at all cost mentality is pervasive in sport leading to acceptance of leadership styles more associated with controlling and extrinsic motivators the author proposes need satisfaction based on three psychological needs autonomy competence and belongingness which leads to enhanced job performance job satisfaction and well being Through need satisfaction
