Tolstoy's Letters Volume 2 1880-191:

The Early Solov'ëv and His Quest for Metaphysics Thomas Nemeth, 2013-10-18 This volume offers a critical examination of the early works of Vladimir Solov'ëv Russia's most famous and systematic philosopher It presents a philosophical critique of his early writings up to 1881 from an immanent viewpoint and examines Solov'ëv's intended contributions to philosophy against the background of German Idealism including Schopenhauer and the positivism of his day Examining contemporary reactions to his writings by leading figures of his day such as Chicherin and Kavelin *The Early Solov'ëv and His Quest for Metaphysics* reveals the small but vibrant philosophical community in Russia during the immediate decades before the Bolshevik Revolution It provides a detailed discussion of Solov'ëv's confrontation with his philosophical opponents and shows how his emphasis on developing a metaphysical ontology rather than epistemology exerted a virtual paradigmatic influence on Russian philosophy for years to come This volume also sets Solov'ëv's writings against a detailed intellectual biography of these early years drawing on letters to friends and relatives including reminiscences and challenges many of the received claims concerning his actions and positions particularly his alleged youthful mystical visions In addition the book features two appendices one that sketches the early Russian reception of French positivism against which Solov'ëv reacted in the name of metaphysics and another that presents a fascinating look at the Solov'ëv family background which produced at once intellectual as well as dysfunctional members Presenting a rare picture of the non-Marxist intellectual scene in 19th century Russia *The Early Solov'ëv and His Quest for Metaphysics* will be of interest to graduate students and researchers looking for a philosophically informed approach to this unique thinker and era *Politics of the Russian Nobility, 1881-1905* Gary M. Hamburg, 1984 *Edinburgh Edition of the Collected Letters of Katherine Mansfield, Volume 2* Gerri Kimber, Claire Davison, 2022-03-31 The first volume of this edition of Katherine Mansfield's letters corresponds to A J is heavily weighted towards the Beauchamp family and several of her closest friends This second volume quite by chance puts the emphasis far more on Mansfield's literary and intellectual friendships especially members of the Bloomsbury group It includes letters to Sylvia Lynd the Hon Bertrand Russell Sydney and Violet Schiff Lytton Strachey Leonard Woolf Virginia Woolf and Hugh Walpole as well as those individuals who gathered around Lady Ottoline Morrell herself the recipient of one of the largest number of letters in this volume at Garsington Manor With over twenty new letters not published in previous editions of her letters as well as substantial revisions and additions to a number of other letters accompanied by thoroughly researched annotations this volume offers many new insights into Mansfield's epistolary relationships
