Tom Swift and His Big Tunnel Victor Appleton, 2008-06-01 American boys fiction under pseudonym used by the Stratemeyer Syndicate who produced Tom Swift series Nancy Drew mysteries the Hardy Boys Dave Fearless and many others Tom Swift and His Big Tunnel Or the Hidden City of the Andes Victor Appleton, 2020-12-12 Mr Job Titus had heard of the giant cannon used by Tom Swift and Tom to protect the Panama Canal and wanted to hire Tom to develop a special gunpowder to help them complete the excavation Tom's good friend Mr Damon came in in the middle of the conversation not knowing what the situation was It happened that Mr Damon invested in a company that bought cinchona bark from Peru but production almost stopped prompting Mr Damon to invite Tom to accompany him to Peru and discover the source of the problem **Tom Swift and His Big Tunnel, Or, the Hidden City of the Andes** Victor Appleton, 2017-06-19 Chapter I A Tempting Offer An electric locomotive that can make two miles a minute over a properly ballasted roadbed might not be an impossibility said Mr Barton Swift ruminatively It is one of those things that are coming and he flashed his son Tom Swift a

knowing smile It had been a topic of conversation between them before the visitor from the West had been seated before the library fire and had sampled one of the elder Swift's good cigars It is not only a future possibility said the latter gentleman shrugging his shoulders As far as the Hendrickton and Pas Alos Railroad Company goes a two mile a minute gait not alone on a level track but through the Pas Alos Range is an immediate necessity It's got to be done now or our stock will be selling on the curb for about two cents a share You do not mean just that do you Mr Bartholomew asked Tom Swift earnestly and staring at the big little man before the fire Mr Richard Bartholomew was just that a big little man In the railroad world both in construction and management he had made an enviable name for himself He had actually built up the Hendrickton and Pas Alos from a narrow gauge jerkwater road into a part of a great cross continent system that tapped a wonderfully rich territory on both sides of the Pas Alos Range For some years the H but I expect the Swift Construction Company to take anything I may say as said in confidence We quite understand that Mr Bartholomew said the elder Swift softly You can speak freely Whether we do business or not these walls are soundproof and Tom and I can forget or remember as we wish Of course if we take up any work for you we must confide to a certain extent in our close associates and trusted mechanics Humph grunted the visitor turning restlessly again in his chair Then he said I agree as the necessity of that last statement but I can only hope that these walls are soundproof What's that demanded Tom rather sharply He was a bright looking young fellow with an alert air and a rather humorous smile His father was a semi invalid but Tom possessed all the mental vigor and muscular energy that a young man should have He had not neglected his Athletic development while he made the best use of his mental powers Tom Swift and His Big Tunnel, Or, the Hidden City of the Andes (Dodo Press) Victor Appleton,2006-07 Professor Swyington Bumper seemed to live in a region all by himself Though he was on board the Bellaconda he might just as well have been in an airship or riding along on the back of a donkey as far as his knowledge or recognition of his surroundings went He seemed to be thinking thoughts far far away and he was never without a book either a bound volume or a note book In the former he buried his hawk like nose Publisher's website *Tom Swift and His Big Tunnel* Victor Appleton,2012-11-18 Tom Swift seated in his laboratory engaged in trying to solve a puzzling question that had arisen over one of his inventions was startled by a loud knock on the door So emphatic in fact was the summons that the door trembled and Tom started to his feet in some alarm Hello there he cried Don't break the door Koku and then he laughed No one but my giant would knock like that he said to himself He never does seem able to do things gently But I wonder why he is knocking I told him to get the engine out of the airship and Eradicate said he'd be around to answer the telephone and bell I wonder if anything has happened **Tom Swift and His Chest of Secrets** Victor Appleton,1925 *Tom Swift and His Electric Runabout* Victor Appleton,1910 Tom Swift enters an upcoming race with his specially designed prototype electric race car But as he makes the final preparations and adjustments days before the race he discovers a plot that would bankrupt not only his family but also everyone else that relies on the local bank which is the target of a nefarious bank run scheme Tom must
