Professional Knowledge Gained from Operational Experience in Vietnam, 1965-1966 ,1967 *Professional Knowledge Gained from Operational Experience in Vietnam, 1965-1966* ,1967 **Gadget Warfare** F. Clifton Berry,1988 Examines the use of military technology in the Vietnam War and describes operations involving defoliants fuel air explosive helicopter gunships sound detectors and smart bombs *Vietnam War US & Allied Combat Equipments* Gordon L. Rottman,2017-01-24 An illustrated guide to everything that Vietnam era American GIs and their allies carried into battle Will appeal to historians modelers collectors and reenactors of the Vietnam War **Small Arms of the Vietnam War** Dale A. Dye, Tom Laemlein,2024-02-06 With the modern military emphasis on whiz bang weapons technology and the constant quest for things that make a bigger bang on the battlefield it's easy to forget that at the dark heart of war stands an infantryman and his individual weapons Those who understand warfare from research or from personal experience generally realize that about conflicts that have plagued mankind since the dawn of time Infantry weapons often simply referred to as small arms have fascinated soldiers and scholars for decades as they are the most personal aspects of combat Small arms come into play when contact is close and potentially lethal This was particularly true during the long frustrating war in Vietnam but much of the focus in studying that conflict has been either on aerial weapons strike aircraft or armed helicopters or on the originally much maligned M 16 rifle There were huge numbers of other weapons used daily by both sides but they are often ignored and rarely seen being used in combat action This book solves that problem Divided into easily digestible sections and preceded by cogent discussion of each weapon type the authors have presented an intriguing collection of photographs that depict the primary small and not so small infantry arms most common on Vietnam battlefields There are rare and stirring images here that depict what it was like to fight in the jungle covered mountains and in the rice paddies Viewing these images is like studying a primer about one of America's longest and deadliest wars **Weapons of the Vietnam War** Anthony Robinson, Antony Preston, Ian V. Hogg,1983 The art of guerrilla warfare as well as sophisticated air and naval tactics

are examined in a study of the weaponry and military operations of the Vietnam War **Teaching the Vietnam War** Joe P. Dunn,1990 *Weapons & Field Gear of the North Vietnamese Army and Viet Cong* Edward J. Emering,1998 Field gear and inert weapons and ordnance have long been popular items with militaria collectors The Vietnam War by its very nature offers an incredible range and variety of these items for the interested collector The North Vietnamese and their puppet troops of the National Liberation Front Viet Cong or VC relied primarily on communist allies Russia China North Korea Cuba and various Eastern Bloc countries of the era for their weapons and field gear For this reason Vietnam represents a microcosm of gear from all of this century's wars dating back to World War I as well as a wide range of improvised weapons and equipment Nowhere is this more apparent than in the variety of hand grenades used by the enemy including Russian Chinese North Korean Eastern European French Japanese and even modified captured U.S. grenades Although impossible to completely catalog the extreme variety of weapons and field gear used by the PAVN and VC author Edward Emering has made a determined effort to present a wide overview of the weapons and field gear used from the late 1950s through the modern era He has been aided in his goal by obtaining access to the world class collection of the National Vietnam Veterans Art Museum located in Chicago Illinois and by material from a number of extensive private collections This book will help both the serious collector as well as those individuals interested in acquiring only a token piece of history to avoid potentially costly mistakes A value guide is included **Vietnam** Kevin M. Generous,1985 **Civil Engineering Combat Experiences During the Vietnam War** Gary B. Lauson (CAPT, USAF.),1989 Records of the Military Assistance and Advisory Group, Vietnam, 1950-1964, Part 2,2011
