Toi Wahine The Worlds Of Maori Women:

TOI Wahine, 1993 *Girl of New Zealand* Michelle Erai, 2020-05-19 *Girl of New Zealand* presents a nuanced insight into the way violence and colonial attitudes shaped the representation of M ori women and girls Michelle Erai examines more than thirty images of M ori women alongside the records of early missionaries and settlers in Aotearoa as well as comments by archivists and librarians to shed light on how race gender and sexuality have been ascribed to particular bodies Viewed through M ori feminist queer and film theories Erai shows how images such as *Girl of New Zealand* 1793 and later images cartoons and travel advertising created and deployed a colonial optic *Girl of New Zealand* reveals how the phantasm of the M ori woman has shown up in historical images how such images shape our imagination and how impossible it has become to maintain the delusion of the innocent eye Erai argues that the process of ascribing race gender sexuality and class to imagined bodies can itself be a kind of violence In the wake of the Me Too movement and other feminist projects Erai s timely analysis speaks to the historical foundations of negative attitudes toward Indigenous M ori women in the eyes of colonial others outsiders from elsewhere who reflected their own desires and fears in their representations of the Indigenous inhabitants of Aotearoa New Zealand Erai resurrects M ori women from objectification and locates them firmly within M ori wh nau and communities

Being M?ori in the City Natacha Gagné, 2013-01-01 Indigenous peoples around the world have been involved in struggles for decolonization self determination and recognition of their rights and the M ori of Aotearoa New Zealand are no exception Now that nearly 85% of the M ori population have their main place of residence in urban centres cities have become important sites of affirmation and struggle Grounded in an ethnography of everyday life in the city of Auckland Being Maori in the City is an investigation of what being M ori means today One of the first ethnographic studies of M ori urbanization since the 1970s this book is based on almost two years of fieldwork living with M ori families and more than 250 hours of interviews In contrast with studies that have focused on indigenous elites and official groups and organizations Being M ori in the City shines a light on the lives of ordinary individuals and families Using this approach Natacha Gagn adroitly underlines how indigenous ways of being are maintained and even strengthened through change and openness to the larger society
