Tolerance And Movements Of Religious Dissent In Eastern Europe:

Tolerance and Movements of Religious Dissent in Eastern Europe Béla K. Király, 1975 An important volume focusing on religious tolerance and dissent in East Central Europe The contributors are leading scholars on various aspects and chronological periods of the topic Tolerance and Movement of Religious Dissent in Eastern Europe Bela K. Király, 1975 *Tolerance and Movements of Religious Dissent in Eastern Europe* Béla K. Király, 1975 An important volume focusing on religious tolerance and dissent in East Central Europe The contributors are leading scholars on various aspects and chronological periods of the topic *Confessional Identity in East-Central Europe* Maria Craciun, Ovidiu Ghitta, 2017-05-15 This book considers the emergence of a remarkable diversity of churches in east central Europe between the 16th and 18th centuries which included Catholic Orthodox Hussite Lutheran Bohemian Brethren Calvinist anti Trinitarian and Greek Catholic communities Contributors assess the extraordinary multiplicity of confessions in the Transylvanian principality as well as the range of churches in Poland Bohemia Moravia and Hungary Essays focus on how each church sought to establish its own identity in a crowded market place of religious ideas and on the extent to which printed literature brokered the popular reception of religious doctrine The volume addresses how ideas about religion spread within the largely illiterate societies of east central Europe especially through catechisms and how printed literature was used to instruct congregations about doctrinal truth to encourage the faithful to pious devotions and to shape the religious life and identity of local communities *Islam and The English Enlightenment* Zulfiqar Ali Shah, 2022-06-02 Never before to my knowledge has the cross fertilisation of Western and Islamic ideas been so encyclopedically documented as it is here In reading Islam and the English Enlightenment you will never see the relationship between Islam and the West in the same way again ROBERT F SHEDI NGER Professor of Religion Luther College Dr Zulfiqar Ali Shah s Islam and the English Enlightenment is one of the most profoundly enlightening books I have read in years Dr Shah compellingly demonstrates that the thinkers of English Enlightenment were undeniably indebted to Islamic sciences and thought and that the foundational principles of rationalist thought scientific inquiry and religious toleration were deeply anchored in the Islamic tradition KHALED ABOU EL FADL Omar Azmeralda Alfi Distinguished Professor of Law UCLA School of Law This is a book that anyone interested in stepping outside a Eurocentric view of the rise of the West and of the modern age must read MICHAEL A GILLESPIE Professor of Political Science Philosophy Duke University Dr Shah convincingly demonstrates the central role that Islam played in shaping the values and ideas of the Enlightenment reformers such as John Locke and Isaac Newton who had helped to produce the modern world GERALD MACLEAN Emeritus Professor University of Exeter *Out of the Shtetl* Nancy Sinkoff, 2003

Zone Di Frattura in Epoca Moderna Almut Bues, 2005 Until recently there have not been many researches on border zones in Early Modern Europe For the time before the emergence of nation states however it is convenient to think in European cases which indicate instability or cooperation in these zones of contact Three representative geographic regions

have been central to an international conference which was questioning the specificities of zones of fracture Poland Lithuania has been linked with two zones the Baltic Sea and the Balkans The Northern Italian States were situated between two tectonic regions the Balkans and the Rhine valley The Balkans by themselves were divided into various mini zones and confronted with the Ottoman Empire The panels did not only try to look for comparisons but intended to find out the complexity and the different experiences within zones of frontiers in an European context The overlapping of various lines especially in the fields of law taxes and the Church has been brought into sharper focus *Toleration within Judaism* Martin Goodman, Joseph E. David, Corinna R. Kaiser, Simon Levis Sullam, 2013-05-30 Although Jews sometimes attempt to impose constraints on those with whom they disagree on religious matters or relate to them as if they were not Jews at all at other times they have recognized differences of practice and belief and developed ways of handling them The evidence presented in this book of such toleration over the centuries has important implications for writing both the history of Judaism and the history of religions more generally *Persecution and Pluralism* Richard Bonney, David J. B. Trim, 2006 With one exception the papers collected here were first presented at a conference sponsored by the British Academy held at Newbold College Berkshire in 1999 This volume provides a historical perspective to the emerging literature on pluralism A range of experts examine how Calvinists in early modern France England Hungary and the Netherlands related to members of other faith communities and to society in general The essays explore the importance of Calvinists separateness and potent sense of identity To what extent did this enable them to survive persecution Did it at times actually induce repression Where Calvinists held political power why did they often turn from persecuted into persecutors How did they relate to Ana Baptists Quakers and Catholics for example The conventional wisdom that toleration and in consequence pluralism resulted from a waning in religious zeal is queried and alternative explanations considered Finally the concept of pluralism itself is investigated *The Modern Jewish Experience* Jack Wertheimer, 1993 This essential resource offers guidance for educators to expand the teaching repertoire on a range of issues in modern Jewish history culture religion and Society *Russia and Eastern Europe, 1789-1985* Raymond Pearson, 1989 **War and Society in East Central Europe: Southeast European maritime commerce and naval policies from the mid-eighteenth century to 1914**, 1988 *Religion in Eastern Europe*, 1993 **The American Bibliography of Slavic and East European Studies**, 1982 *The Emancipation of the Serfs in Eastern Europe* Emil Niederhauser, 2004 This volume by Hungary's preeminent scholar of Eastern European social history illustrates the similarities and differences among the region's social and governmental structures by focusing on the cases of Prussia Mecklenburg the Habsburg Empire the Russian empire and Romania *Eastern Europe in the Aftermath of Solidarity* Adam Bromke, 1985 Part of two basic studies on Eastern Europe focusing on Polish problems and developments by an eminent student of Poland and Eastern European politics and history *War and Society in East Central Europe: Insurrections wars and the eastern crisis in the 1870s*, 1985 *Southeast European Maritime Commerce and Naval Policies*
