## **Tolstoi In The Sixties:**

**Tolstoi in the Sixties** Борис Михайлович Эйхенбаум,1982 *Hidden in Plain View* Gary Saul Morson,1987 For decades the formal peculiarities of War and Peace disturbed Russian and Western critics who attributed both the anomalous structure and the literary power of the book to Tolstoy s primitive unruly genius Using that critical history as a starting point this volume recaptures the overwhelming sense of strangeness felt by the work s first readers and thereby illuminates Tolstoy s theoretical and narratological concerns The author demonstrates that the formal peculiarities of War and Peace were deliberate designed to elude what Tolstoy regarded as the falsifying constraints of all narratives both novelistic and historical Developing and challenging the ideas of Mikhail Bakhtin Morson explores Tolstoy s account of the work s composition in light of various myths of the creative process He proposes a theory of creation by potential that incorporates Tolstoy s main concerns the openness of each historical moment the role of chance in history and within narrative patterns and the efficacy of ordinary events hidden in plain view in shaping history and individual psychology In his reading of Tolstoy he demonstrates how we read literary works within the penumbral text of associated theories of creativity The Journal of Leo Tolstoi graf Leo Tolstoy,1917

**The Journal of Leo Tolstoi** graf Leo Tolstoy,1917 *Russian Novelists in the Age of Tolstoy and Dostoevsky* J. Alexander Ogden,Judith E. Kalb,2001 Provides a detailed portrait of the styles concerns and historical involvement of the novel in Russia in the second half of the nineteenth century representing an artistic range from master stylists to those who were more a part of popular culture and are important as a reflection of the flavor of the era rather than as artistic exemplars

**Anniversary Essays on Tolstoy** Donna Tussing Orwin,2010-02-25 A century after Leo Tolstoy s death the author of War and Peace is widely admired but too often thought of only with reference to his realism and moral sense The many sides of Tolstoy revealed in these essays speak to readers with astonishing force relevance and complexity In a lively challenging style leading scholars range over his long life from his first work Childhood to the works of his old age like Hadji Murat and the many genres in which he worked from the major novels to aphorisms and short stories The essays present fresh approaches to his central themes love death religious faith and doubt violence the animal kingdom and war They also assess his reception both in his lifetime and subsequently Setting new agendas for the study of this classic author this volume provides a snapshot of more current scholarship on Tolstoy

**The Complete Works of Lyof N.**

**Tolstoi: Essays, letters, and miscellanies** graf Leo Tolstoy,1899 **The Journal of Leo Tolstoi (First Volume—1895-1899)** graf Leo Tolstoy,2019-11-21 In The Journal of Leo Tolstoi First Volume 1895 1899 readers are invited into the intimate thoughts of one of literature s most profound figures during a pivotal period of his life This volume written in Tolstoy s characteristic introspective style blends deep philosophical musings with reflections on art faith and the human condition Within its pages Tolstoy grapples with the complexities of morality and his quest for authenticity providing a vivid literary testament to his spiritual and personal evolution in the context of late 19th century Russia a time marked by rapid

social change and philosophical inquiry Leo Tolstoy revered as both a novelist and moral philosopher crafted this journal during a transformative phase after the enormous success of titles like War and Peace and Anna Karenina His growing disillusionment with materialism and his exploration of spiritual and social issues drove him to document his inner turmoil and philosophical explorations The journal thus serves as a chronicle of an artist s struggle to reconcile his literary legacy with his yearning for a more profound fulfilling existence For those interested in Tolstoy s philosophical inquiries or the intersection of literature and personal introspection this journal is essential reading It offers not only a glimpse into the mind of a literary giant but also serves as a guidepost for anyone navigating the complexities of life morality and creativity

**Give War and Peace a Chance** Andrew D. Kaufman,2014-05-20 This lively appreciation of one of the most intimidating and massive novels ever written should persuade many hesitant readers to try scaling the heights of War and Peace sooner rather than later Publishers Weekly Considered by many critics the greatest novel ever written War and Peace is also one of the most feared And at 1 500 pages it s no wonder why Still in July 2009 Newsweek put War and Peace at the top of its list of 100 great novels and a 2007 edition of the AARP Bulletin included the novel in their list of the top four books everybody should read by the age of fifty A New York Times survey from 2009 identified War and Peace as the world classic you re most likely to find people reading on their subway commute to work What might all those Newsweek devotees senior citizens and harried commuters see in a book about the Napoleonic Wars in the early 1800s War and Peace is many things It is a love story a family saga a war novel But at its core it s a novel about human beings attempting to create a meaningful life for themselves in a country torn apart by war social change political intrigue and spiritual confusion It is a mirror of our times Give War and Peace a Chance takes readers on a journey through War and Peace that reframes their very understanding of what it means to live through troubled times and survive them Touching on a broad range of topics from courage to romance parenting to death Kaufman demonstrates how Tolstoy s wisdom can help us live fuller more meaningful lives The ideal companion to War and Peace this book makes Tolstoy s characters lively and palpable and may well persuade readers to finally dive into one of the world s most acclaimed and daunting novels Kirkus Reviews

**Tolstoy's Phoenix** George R. Clay,1998 By examining Tolstoy s techniques and analyzing the structure of War and Peace essayist George R Clay offers a fresh perspective and jargon free analysis of one of the world s greatest novels Beginning with Tolstoy s strategies devices and structural elements Clay moves beyond previous approaches and reveals the novel s larger thematic concerns showing how all the pieces fit into an overall pattern that he calls the phoenix design

**Essays on Russian Novelists** William Lyon Phelps,1911

**Rethinking Bakhtin** Gary Saul Morson,Caryl Emerson,1989 The essays in Rethinking Bakhtin Extensions and Challenges extend Bakhtin s concepts in important new directions and challenge Bakhtin s own use of his most cherished ideas Four sets of paired essays explore the theory of parody the relation of de Man s poetics to Bakhtin s dialogics Bakhtin s approach to Tolstoy and ideological literature generally and the dangers of dialogue not only in practice but also as an ideal
