Jin-Ying Zhang

Tomato In America Early History Culture And Cookery:

The Tomato in America Andrew F. Smith, 1994 Serious scholarly study traces biological origins of the tomato and evolution of human attitude toward its use from preconquest western South America the Central America isthmus and Mexico to 16th century Europe Then follows path of the tomato back across the Atlantic to 19th century US Also identifies another possible route for the tomato from the Caribbean to southeastern US Drawn from scientific medical and historical works as well as traditional cookbooks *Handbook of Latin American Studies* v 58 *Souper Tomatoes* Andrew F. Smith, 2000 Uses tomato soup as a lens through which to investigate the histories of soup tomatoes and canning *The Tomato in America* Andrew F. Smith, 2001 From the Americas to Australasia from northern Europe to southern Africa the tomato tickles the world's taste buds Americans alone devour more than twelve million tons annually of this peculiar fruit variously considered poisonous curative and aphrodisiacal In this first concerted study of the tomato in America Andrew F. Smith separates myth from historical fact beginning with the Salem New Jersey man who in 1820 allegedly attracted spectators from hundreds of miles to watch him eat a tomato on the courthouse steps the legend says they expected to see him die a painful death Later hucksters such as Dr John Cook Bennett and the Amazing Archibald Miles peddled the tomato's purported medicinal benefits The competition was so fierce that the Tomato Pill War broke out in 1838 *The Tomato in America* traces the early cultivation of the tomato its infiltration of American cooking practices the early manufacture of preserved tomatoes and ketchup soon hailed as the national condiment of the United States and the great tomato mania of the 1820s and 1830s The book also includes tomato recipes from the pre Civil War period covering everything from sauces soups and main dishes to desserts and sweets Now available for the first time in paperback *The Tomato in America* provides a piquant and entertaining look at a versatile and storied figure in culinary history **The Tomato in Bulk** Andrew F. Smith, 2005-10 Arguably the most popular fruit in the world the tomato holds a favored place in the US the world's largest producer of commercial tomatoes The average American consumes more than 17 pounds of fresh tomatoes each year Debunks the myths about the tomato's intro consumption disclosing a legacy even more bizarre entertaining Americans began cultivating cooking consuming tomatoes as early as the 17th cent Explains how in the 1830s tomatoes became one of America's first food fads he recounts some of the quackery that has surrounded it Tells of the cookbook authors horticulturists medical professionals who played a crucial role in incorporating the tomato into American cuisine More than 50 vintage recipes *The Story Behind the Dish* Mark McWilliams, 2012-04-06 Profiling 48 classic American foods ranging from junk and fast food to main dishes to desserts this book reveals what made these dishes iconic in American pop culture Americans have increasingly embraced food culture a fact proven by the rising popularity of celebrity chefs and the prominence of television shows celebrating food themes This fascinating overview reveals the surprising story behind the foods America loves *The Story Behind the Dish Classic American Foods* is an engaging pop culture resource which helps tell

the story of American food Each chapter is devoted to one of 48 distinctive American dishes and features the story of where the food developed what inspired its creation and how it has evolved The book not only covers each food as a single entry but also analyzes the themes and events that connect them making the text useful as both a reference and a narrative on the history of food *Vegetables and Fruits: Historical supplement* ,1998 **Vegetables and Fruits** ,1998 **Centennial Buckeye Cook Book** Andrew F. Smith,2000 The first edition of the Centennial Buckeye Cook Book was published in 1876 Between 1876 and 1905 a total of thirty two editions of the cookbook were published and more than one million copies sold The book began as a project of the Marysville Ohio First Congregational Church when the women of the church decided to publish a cookbook in order to raise money to build a parsonage Their effort launched a cookbook that rapidly became one of the most popular publications of nineteenth century America This is the first reprint of the original 1876 edition Garden Variety John Hoenig,2017-11-21 Chopped in salads scooped up in salsa slathered on pizza and pasta squeezed onto burgers and fries and filling aisles with roma cherry beefsteak on the vine and heirloom where would American food fast and slow high and low be without the tomato The tomato represents the best and worst of American cuisine though the plastic looking corporate tomato is the hallmark of industrial agriculture the tomato s history also encompasses farmers markets and home gardens Garden Variety illuminates American culinary culture from 1800 to the present challenging a simple story of mass produced homogeneity and demonstrating the persistence of diverse food cultures throughout modern America John Hoenig explores the path by which over the last two centuries the tomato went from a rare seasonal crop to America s favorite vegetable He pays particular attention to the noncorporate tomato During the twentieth century as food production processing and distribution became increasingly centralized the tomato remained king of the vegetable garden and in recent years has become the centerpiece of alternative food cultures Reading seed catalogs menus and cookbooks and following the efforts of cooks and housewives to find new ways to prepare and preserve tomatoes Hoenig challenges the extent to which branding advertising and marketing dominated twentieth century American life He emphasizes the importance of tomatoes to numerous immigrant groups and their influence on the development of American food cultures Garden Variety highlights the limits on corporations ability to shape what we eat inviting us to rethink the history of our foodways and to take the opportunity to expand the palate of American cuisine Pure Ketchup Andrew F. Smith,1996 When Andrew F Smith began researching the heritage of America s favorite condiment he uncovered the makings of a great story exotic and mysterious beginnings unusual and colorful characters evil adulterators and contaminators strong willed commercial competitors high minded government regulators and finally a relentless quest for a global market From his large store of historical ketchup recipes Smith offers a representative sampling of the appetizing the intriguing and the outlandish Reflecting the diversity of the condiment s myriad incarnations the volume includes recipes for more than 110 ketchup varieties made from such unexpected ingredients as apricots beer celery cucumbers lemons liver raspberries and rum **Encyclopedia of Food and**

Culture Solomon H. Katz, 2003 A survey of food and its place in human culture and society presented through 600 alphabetically sorted entries Features multidisciplinary coverage of such topics as comfort food ethnicity and food medieval banquets and nutrient composition among many others Includes photographs illustrations sidebars recipes menus and timelines The Oxford Encyclopedia of Food and Drink in America Andrew F. Smith, 2004 Covers the significant events inventions and social movements in history that have affected the way Americans view prepare and consume food and drink in articles arranged alphabetically **Cuisine and Culture** Linda Civitello, 2004 Throughout history food has played an important role in the development of cultures This volume examines the relationship between food history from prehistoric times to the 21st century **Exploring the Tomato** Mark Harvey, Stephen Quilley, Huw Beynon, 2002 This study of contemporary capitalism focuses on the tomato Social economic historical and biological aspects of tomato production and consumption are explored in order to reveal major social and economic changes during the 20th century *Handbook of Latin American Studies*, 1936 Contains scholarly evaluations of books and book chapters as well as conference papers and articles published worldwide in the field of Latin American studies Covers social sciences and the humanities in alternate years **The Tomato Festival Cookbook** Lawrence Davis-Hollander, 2004 This landmark cookbook for America's favorite garden vegetable includes 150 recipes gardening advice expert information about seed saving and preservation and tells how to select heirloom tomatoes for the garden and kitchen **Agriculture and Human Values**, 2006 **Seed Savers ... Yearbook**, 1995 **Library Journal** Melvil Dewey, Richard Rogers Bowker, L. Pylodet, Charles Ammi Cutter, Bertine Emma Weston, Karl Brown, Helen E. Wessells, 2007 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately Annual Review of Anthropology Print&online, 2002-10 Thirty two collected articles reflect last year's progress in the field of anthropology Contributions from archeology biological anthropology linguistics and communication studies regional studies and socio cultural anthropology are all represented Particular attention is given to two topics childhood and the anthropology of daily life An abstract is provided for each paper and some are supported with visual displays of information including graphs charts diagrams and photographs a few in color Annotation copyrighted by Book News Inc Portland OR
