**Heroes** François Pomey, 2015-07-03 Excerpt from Tooke's Pantheon of the Heathen Gods and Illustrious Heroes Revised for a Classical Course of Education and Adapted for the Use of Students of Every Age and of Either Sex It is confessed that there are already many books published on the present subject two or three of which are in our own tongue and those without doubt will by some men be thought enough But since this can be the opinion but of a few and those unexperienced people it has been judged more proper to regard the advice of many grave persons of known skill in the art of teaching who though they must acknowledge that Goodwin in his Antiquities has done very well in the whole yet cannot but own that he has been too short in this point that Rosse also though he deserves commendation for his Mythology is yet very tedious and as much too large and that Galtruchius as D Assigny has translated and dished him out to us is so confused and artless in his method as well as unfortunate in his corrections that it in nowise answers the purpose it was designed for and hereupon this work was recommended to be translated being first well approved by learned gentlemen as is above mentioned for its easy method and agreeable plainness Besides it having been written by so learned a person and that for the use of so great a prince and so universally received in our neighbour nations as to have sold several impressions in a short time there was no room to doubt of its being well received here About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
