Contemporary Conflict Resolution Oliver Ramsbotham, Hugh Miall, Tom Woodhouse, 2011-04-11 Offering an assessment of the theory and practice of conflict resolution in post Cold War conflicts this book addresses a number of questions It explores the nature of contemporary conflict and the development of conflict resolution Nationalism and Intra-State Conflicts in the Postcolonial World Fonkem Achankeng, 2015-09-28 This book highlights the complexities of nationalism and the struggles of different groups left unaddressed within the nation states of a postcolonial world The central question is what happened to the worldly and radical visions of freedom liberty and equality that animated intellectual activists and policy makers from Woodrow Wilson in the 1920s This book analyzes the outcome of lumping disparate groups of people together under one nation state and holding them together against the knowledge of the incompatibility theory of plural states In a world of arbitrarily and colonially mapped sovereign states groups and nations with distinctive histories and cultures trapped within the borders of sovereign states want the freedom to decide their own destinies This book challenges deconstructs and decolonizes Western epistemologies related to postcolonial state formation and maintenance In examining the freedom concept that no human group ought to be determining the independence of other human groups this book constructs an alternative conceptualization of nations and peoples rights in the twenty first century in which radical hopes and global dreams are recognized as central to internal nationalism struggles Resolving Deep-Rooted Conflicts Herbert C.
